

THE BEMENT SCHOOL

Fly on your own wings

ADMISSION OFFICE

As part of the application process, the Admission Committee asks that all applicants to grades three through five submit the results of a Wechsler Intelligence Scale for Children, fourth edition. Students applying to grades six through nine should also submit results of this test if they have been evaluated in the past or if you choose to have your child take the WISC-IV to complete the testing requirement of the application process. Usually a school-based learning specialist or an educational psychologist administers the WISC-IV. It is given one-on-one and takes about 90 minutes. The written report, including an interpretation of the subtest scores and recommendations, usually arrives to the school within a few weeks. If the educational evaluation includes administration of the Woodcock Johnson III or any other testing, please submit those results as well. Families make private arrangements for the WISC-IV. For your convenience we have listed the names of some WISC administrators local to Bement School; however, it is not our intention to limit you to the names on this list. Testing fees vary. International families may call our office for help locating a WISC administrator in your home country.
