

THE BEMENT SCHOOL

Fly on your own wings

ADMISSION OFFICE

As part of the application process, the Admission Committee asks that all applicants to grades 3 through 9 submit the results of a Wechsler Intelligence Scale for Children, fourth edition. Usually a school-based learning specialist or an educational psychologist administers the WISC-IV. It is given one-on-one and takes about 90 minutes. The written report, including an interpretation of the subtest scores and recommendations, usually arrives to the school within a few weeks. If the educational evaluation includes administration of the Woodcock Johnson III or any other testing, please submit those results as well. Families make private arrangements for the WISC-IV. For your convenience we have listed the names of some local WISC administrators; however, it is not our intention to limit you to the names on this list. Testing fees vary. International families may call our office for help locating a WISC administrator in your home country.
